

Lion Sands

River Lodge - The Lodge has been built on the banks of the Sabie River. It faces due east, catching the sun as it rises over the Kruger National Park. There are 18 luxurious thatched bedrooms with en-suite bathroom, outdoor & inside shower & wooden viewing deck. The bedroom area is air-conditioned with an overhead fan. All rooms have mini-bar & telephone access. The rooms are linked to all areas by raised wooden walkways.

The lodge comprises the following: a private lounge and bar, 2 swimming pools, wooden viewing decks, a secluded bird hide, private hammocks, conference room, health spa, curio shop & both an indoor and open-air (Boma) dining area. River Lodge is the soul of Lion Sands. It is positioned on a site with trees dating back 800 years. The lodge is about spirit, warmth, nature & relaxation. It is hosted by a family of staff that will make it feel like home from home. Relax, enjoy and experience African hospitality at its finest.

The swimming pool is arguably the best game viewing spot in the summer months. With an uninterrupted view of the river and the rising bush beyond it is not uncommon to spot an elephant or giraffe while doing backstroke.

The Health Spa is appropriately named 'Lalamuka' which is the Shangaan word for 'unwind'. Facial therapies, aromatherapy, reflexology, massages, aqua treatments - whatever your medicine, you'll come out feeling naturally fit.

The philosophy of the safari experience at Lion Sands is to deliver a consistently professional, informative & holistic safari experience, ensuring that all spheres of the eco-system, from the small insects to the mighty African elephant, are covered in as much detail as the Guest may require. The Senior Ecologist, Ranger & Tracker teams have been carefully selected to make certain that your Safari Experience will not only meet but exceed your highest expectations. For pictures of what one can expect to see on safari take a look at the guest photo gallery for a sneak preview...will take your breath away!
