

Augusta Bay Guest House

Well positioned at the Knysna Heads, Augusta Bay offers panoramic views of the Heads, Knysna Estuary and the Outeniqua Mountains in the distance.

Augusta Bay offers visitors a series of nine luxuriously appointed, individually designed suites. All of the superior suites are air-conditioned and some offer bathrooms with spa baths and under floor heating.

Care and consideration is given to making guest rooms as comfortable and relaxing as possible. Savour a well deserved drink in the luxury of the bar, or sip a cocktail while getting to know your fellow travellers. Enjoy the peace and quiet of the separate lounge area or relax on the pool deck, conveniently situated on the same level.

Wake up to a generous English or continental breakfast served in the sun-splashed central atrium overlooking the pool deck and lagoon. Guests often spot dolphins and whales over a cuppa.
