

Jatinga Country Lodge

Located on the outskirts of the picturesque town of White River - only 38 km from the world famous Kruger National Park and a mere 4 ½ km from Kruger Mpumalanga International Airport – the Lodge is nestled in over 30 hectares of magnificent gardens with the piece de resistance being the White River winding its way through the bottom of the property.

There are 16 Superior rooms and four Luxury suites (one being the romantic Honeymoon suite) at the Lodge all of which have been tastefully furnished in different styles - Colonial, Victorian, Provencal, French Country, African Colonial and English Country as well as the recently completed Orchard and Forest rooms – and offer guests luxurious comfort and secluded privacy. The six new Orchard and Forest rooms form a little village on their own and, as their names suggest, some have a view over the citrus orchard while the others look into the pine forest.

For something different, you can take one of Jatinga's famous picnic baskets for a game drive in the world-famous Kruger National Park; or to any one of hundreds of scenic spots in the Panoramic Route.
